Over 100 years expertise shaping global standards to facilitate trade and improve business

Product Specification Standards

- Beginning in 1901, initial Standards focused on **product specifications** to harmonize and facilitate commerce and reduce duplication
 - Railroad gauges
 - Steel specifications
 - Construction standards
 - Agricultural commodities
 - Consumer and electrical products
 - Personal safety equipment
 - Medical devices
- Product Specification Standards remain relevant today driving **interoperability** and **innovation** in areas such as smart cities and regenerative medicine (e.g. stem cells)

Product Specification Standards

Business Process Standards

- The next generation of standards focused on **business processes** to ensure consistent quality output
- BSI shaped the original standards for:
 - Quality Management (ISO 9001)
 - Information Security (ISO/IEC 27001)
 - Environment Management (ISO 14001)
 - Health & Safety (OHSAS 18000)
 - IT Services Management (ISO/IEC 20000-1)
 - Business Continuity (ISO 22301)
 - Sustainable Events (ISO 20121)

Business Process Standards

Business Potential Standards

- BSI's new generation of Standards are centred around **people behaviour and values** to help organizations reach their full potential and **protect their corporate reputation**
- Key standards include:
 - Anti-Bribery
 - Corporate Social Responsibility
 - Collaborative Business Relationships

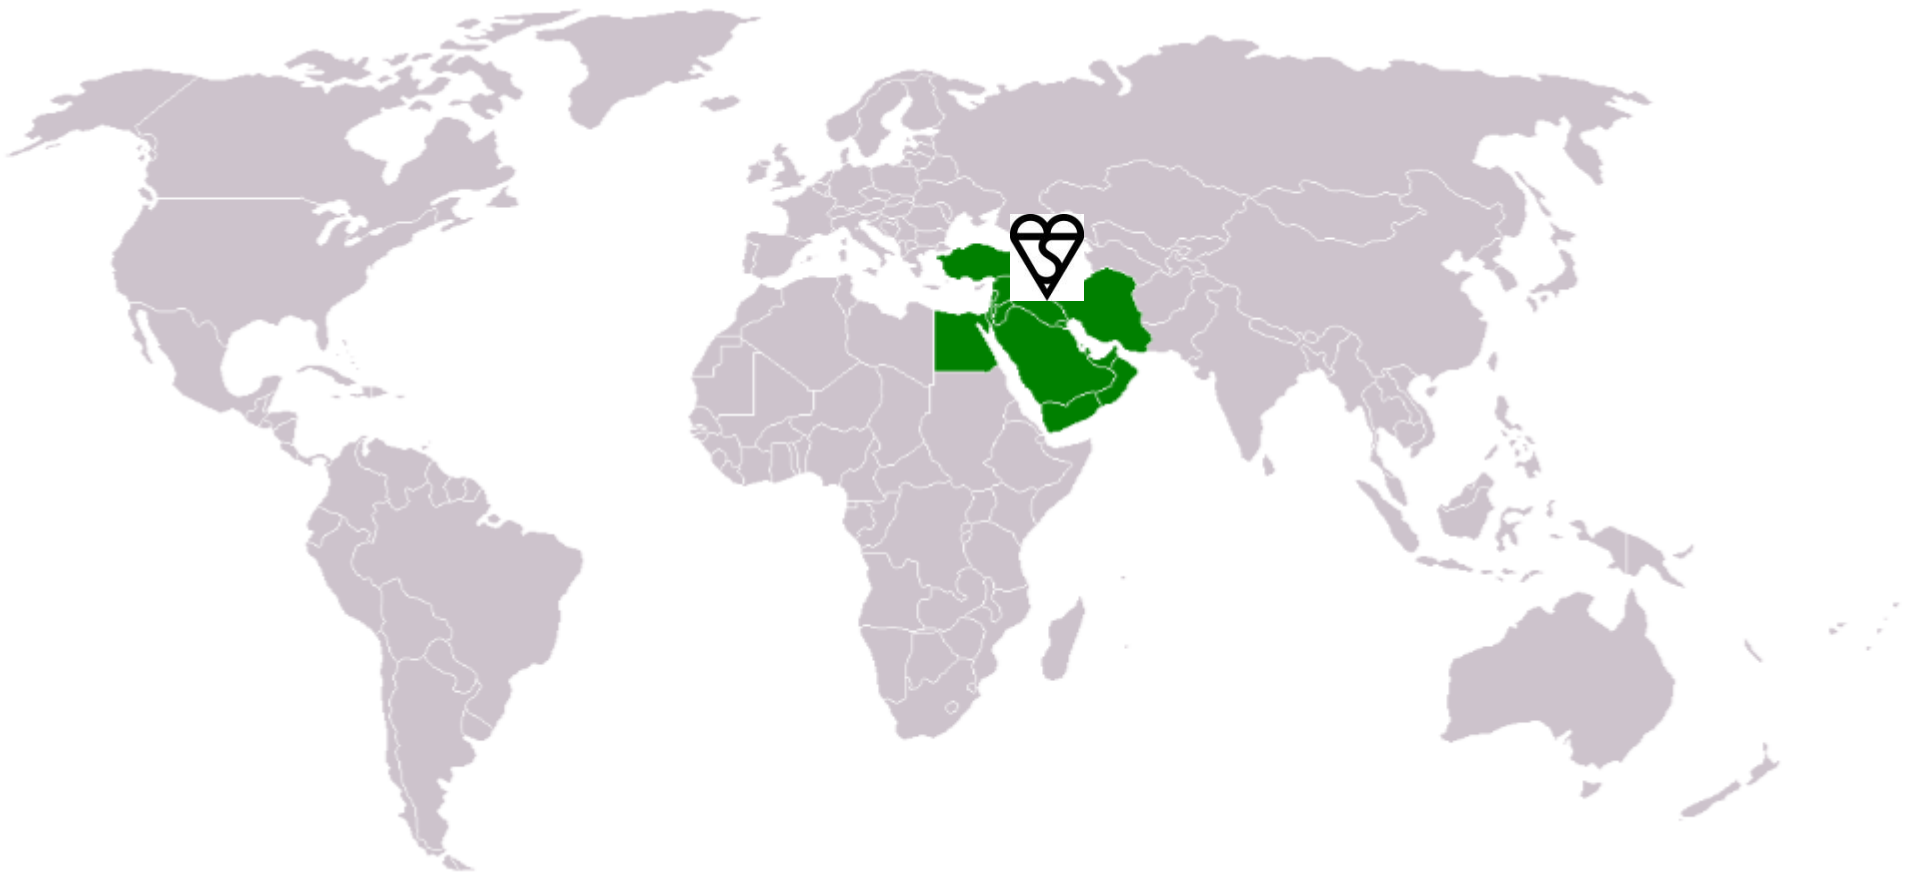

Business Potential Standards

A truly global brand and network – trusted and recognized

Access to Middle East Markets

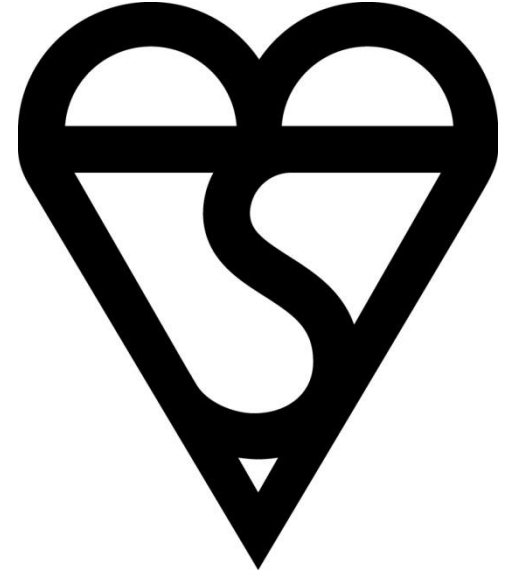

Opportunities for manufacturers

- UAE: \$350 billion worth of active construction projects
- Dubai: 2020 World Expo
438 hectare site linking
3 international airports

Why BSI Kitemark™?

- BSI Kitemark = global passport
- Opportunities to export into growing markets
- Opportunities to spread risk by selling into multiple markets
- Recognition as a trusted mark of quality
- Accepted by Civil Defence

BSI Kitemark certificate + Certificate of Compliance = product accepted
(if on approved civil defence list)

Civil Defence

Ministry of the Interior

- Focussed on industrial and commercial safety and security
- Disaster recovery

About BSI

Product directory search
Choose one of the products below to search for approved BSI details

Search for a product or service

This directory is a powerful database of information housing over 60,000 Kitemark products, services and components. It allows you to:

- Easily search for BSI Kitemark products by model number or description
- Show key stakeholders, specifiers and customers your commitment to quality
- Limit search results based on user requirements

Get ahead of competition by displaying your Kitemark products online, add further value to your certification and be seen by some of the most influential stakeholders (specifiers) through the promotion of this tool. These would include:

- government bodies such as the civil defence and aviation authorities
- public sector procurement specialists in: fire, environment, housing, energy and health, police authorities, architects, and consultants
